

MATERIAL SAFETY DATA SHEET

- 1. Product** Irippod Sterile Pods
2. Category Wound care
3. Presentation 20mL Polythene ampoule / pod

4. Description

A polythene ampoule/pod containing 0.9% Sodium Chloride Ph.Eur. Odourless, clear sterile aqueous solution

5. Hazards Identification

Hazardous Components: None

6. Ingredients

Sterile saline solution, 0.9% Sodium Chloride

7. First Aid Measures

Eye/Skin Contact: In case of contact with eyes, immediately flush with water. Consult a physician. In case of skin irritation, discontinue contact and flush skin with water.

Inhalation: Remove from exposure to fresh air and consult a physician.

8. Fire Fighting Measures

Extinguishing materials: Water, Foam, Carbon Dioxide, Dry Chemical.

Protection of Firefighters: Wear self-contained breathing apparatus and protective clothing.

Hazards from Combustion: Incomplete burning can produce carbon monoxide and/or carbon dioxide and hazardous gases.

Precautions: Remove containers from path of fire. Heating can cause expansion and rupture of containers. Keep containers cool with water.

9. Handling and Storage

Do not spray near or into the eyes. Keep out of the reach of children. Store within temperature of 2 – 30°C. Do not puncture or burn, even when empty. Observe local aerosol disposal regulations.

10. Toxicological Information

Toxic acute or chronic reactions are not anticipated from use following label instructions. Does not contain any known skin sensitizers.

11. Regulatory Information

The Medical device is classified as class IIb according to MDD 93/42 EEC.

Note: This Material Safety Data Sheet contains information offered as a guide to the handling and use of Irippod, and has been prepared in good faith with information believed to be correct at the effective date listed.

Issue Date: June 2022
